- Each holder may choose a subscription price of either US\$7.00 per share or CDN\$7.17 per share. The US and Canadian subscription prices represent a discount of approximately 32% to the closing prices of US\$10.31 on the NYSE and CDN\$10.62 on the TSX on June 7, 2012.
- Approximately 260 million common shares are expected to be issued under the rights offering, which would represent approximately 35% of Ivanhoe’s current outstanding shares.

- The rights offering will be open for exercise for 21 days from the date of mailing to shareholders and will expire at 5:00 p.m. Eastern Standard Time (EST) on July 19, 2012.
- Trading of the rights on the TSX will stop at noon (EST) on July 19, 2012. On the NYSE and NASDAQ, trading of the rights will stop at the close of trading on July 18, 2012.
- Shareholders who do not wish to exercise their rights to buy new common shares under the offering will have the option of selling the rights that they receive from Ivanhoe Mines through the TSX, the NYSE or NASDAQ.
- Shareholders who do not exercise all of their rights will have their present ownership interests in Ivanhoe Mines reduced, as a percentage of the total outstanding common shares, as a result of the rights offering.

Rio Tinto has committed to take up its full basic subscription privilege under the rights offering with respect to its 51% shareholding in Ivanhoe, subject to certain conditions. Rio Tinto will also provide a standby commitment for the full amount of the US\$1.8 billion rights offering, subject to certain conditions including the price of Ivanhoe's common shares on the NYSE not falling below the subscription price at any time on or after the fifth business day before the expiry of the rights. Under the standby commitment, Rio Tinto is required to acquire any Ivanhoe common shares not taken up under the rights offering.

This news release does not constitute an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of these securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.
